Use the Doggie Pots Please

Management has received several complaints regarding dog owners who have been observed walking their dogs in the neighborhood, common areas and in the playground area and who are not picking up after their dogs. Please remember that everyone needs to pick up after their pet. The association paid for and installed the “doggie bag stand” in the playground area. Please use these bags and dispose of properly.

The Board of Directors has established a policy whereby any homeowner or child of a homeowner who is observed not picking up his/her pet's feces will be automatically fined \$50. There will be no warning.
